Sword Over the Empires

KJC-DNN / Remnant Christian Worship

Album 82 Song 2

Study Note:

Ecliptic Codex vs the Book of Life

The so-called Ecliptic Codex claims to rewrite time, awareness, and history by a hidden sky-calendar. Scripture answers with a different book: the Book of Life, written before the foundation of the world and sealed by the Lamb (Revelation 13:8; 20:12; 21:27). No ecliptic code, propaganda matrix, or “awareness eraser” can delete what God has written. The remnant does not live by a false zodiac-book, but by the Word that will not pass away.

Black Sun vs the Sun of Righteousness

The Black Sun is a counterfeit inner light — hidden power, occult “renewal,” and a throne that will not show its face. Malachi 4:2 names the true light: “the Sun of Righteousness shall arise with healing in His wings.” Christ is not a black sun in the abyss. He is the Light of the world (John 8:12). Song 2 ends the false broadcast so that this Sun, not the Black Sun, remains the last report.
